# Introduction to AI

Are you interested in learning more about Artificial Intelligence (AI)? This course will introduce you to the basic concepts of AI with hands-on activities using the various application tools.

## A course to develop your skills to:

- Understand the history of AI and uncover the secrets behind how AI works
- Use the various AI applications, looking at real-world examples of AI in action
- Explore the ethical concerns surrounding AI development and use

**The Commonwealth Department of Education, Skills and Employment endorses this course which counts towards Workforce Australia mutual obligations and points targets, including for Centrelink payment recipients.**

Learn Local | Skills for study work and life

NEIGHBOURHOOD CENTRE BALLARAT
