Building a Garden: Landscaping from Scratch

Develop skills and confidence to design and create a simple garden landscape. In this practical course, learn landscaping techniques while contributing to the development of local community gardens. Gain valuable experience, enhance your gardening knowledge, and help create a lasting community space.

A course to develop your skills to:

- Plan and design the infrastructure
- Apply sustainable landscaping principles to work with natural environments and cycles
- Create inclusive, all-abilities garden spaces
- Construct and install landscape features, watering systems, raised garden beds, pathways and seating areas

The Commonwealth Department of Education, Skills and Employment endorses this course which counts towards Workforce Australia mutual obligations and points targets, including for Centrelink payment recipients.

Learn Local | Skills for study work and life

NEIGHBOURHOOD CENTRE BALLARAT

We enrich our community by providing opportunities for you to connect, participate and learn in a safe and inclusive space.

This course is 8 sessions of 2.5 hours.

As a registered Learn Local, we help you return to study, become work ready, improve your skills or learn something new. We do this by providing education and training programs designed to meet your learning needs. The tuition fees for this training course are funded by the Victorian government ACFE Board. Fees associated with all classes will be advised prior to enrolment.
