

DEACOMBE LONG WALK

DESCRIPTION OF WALK

Start and Finish: Both routes begin and end at the BBQ shelter at the Doug Dean Recreation Reserve. Car parking is available off Nandriog Drive at the Delacombe Sports Stadium. This trail is predominantly concrete pathways.

Distance: Option A (Solid Blue Line): 4.5km. Option B (Solid Red Line): 4.6km.

Description of Routes

Option A / Solid Blue Line

Head north past the wetland and turn left onto Whitelaw Avenue. Cross Wiltshire Lane to the West End and then turn left onto the Winter Creek Trail. Follow the trail to the Winter Creek Trail Park (with substation) and turn left into the Ridge. Follow and turn right into Hanover Street. Walk up the hill and turn right into Wiltshire Lane. Turn left into Greenhalghs Road, crossing Wiltshire Lane.

Follow and return to the Reserve. Follow the oval trail back to the BBQ shelter. This trail consists of concrete and granitic sand pathways and has a small section of non-formed pathway near the Whitelaw Avenue and Wiltshire intersection.

Not recommended if wet.

Option B / Solid Red Line

Head south on Greenhalghs Road and turn right. Follow to Wiltshire Lane and turn left into Smythes Road. Follow to Sutton Street and turn left. Turn left immediately into Greenhalghs Road and return to the Reserve. This trail comprises concrete pathways outside the Reserve. The section along Smythes Road has minimal formed pathways and is not recommended if wet.
